**NATIONAL ARCHIVES AND RECORD ADMINISTRATION
FREEDMEN'S BUREAU PRESERVATION PROJECT**

This National Archives microfilm publication is part of a multiyear project to microfilm the field office records of the Bureau of Refugees, Freedmen, and Abandoned Lands (Freedmen's Bureau). The project was made possible by the United States Congress through The Freedmen's Bureau Records Preservation Act of 2000 (Public Law 106-444). When completed, all of the field records for the States of Alabama, Arkansas, Delaware, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, North Carolina, South Carolina, Tennessee, Texas, Virginia, and for the District of Columbia will be available on microfilm. For microfilm availability and description, view both the microfilm catalog *Black Studies: A Select Catalog of National Archives Microfilm Publications* and the National Archives microfilm locator on our web site at www.archives.gov.

INTRODUCTION

On the 111 rolls of this microfilm publication, M1905, are reproduced the records of the staff officers of the Assistant Commissioner and the subordinate field offices of the Louisiana headquarters of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1863-1872. These records consist of bound volumes and unbound records containing materials that include letters sent and received, monthly reports, registers of complaints, labor contracts, and other records relating to freedmen's claims and bounty payments. These records are part of the Records of the Bureau of Refugees, Freedmen, and Abandoned Lands, Record Group (RG) 105.

HISTORY AND ORGANIZATION

The Bureau of Refugees, Freedmen, and Abandoned Lands, also known as the Freedmen's Bureau, was established in the War Department by an act of Congress on March 3, 1865 (13 Stat. 507). The life of the Bureau was extended twice by acts of July 16, 1866 (14 Stat. 173), and July 6, 1868 (15 Stat. 83). The Bureau was responsible for the supervision and management of all matters relating to refugees and freedmen, and of lands abandoned or seized during the Civil War. In May 1865, President Andrew Johnson appointed Maj. Gen. Oliver Otis Howard as Commissioner of the Bureau, and Howard served in that position until June 30, 1872, when activities of the Bureau were terminated in accordance with an act of June 10, 1872 (17 Stat. 366). While a major part of the Bureau's early activities involved the supervision of abandoned and confiscated property, its mission was to provide relief and help freedmen become self-sufficient. Bureau officials issued rations and clothing, operated hospitals and refugee camps, and supervised labor contracts. In addition, the Bureau managed apprenticeship disputes and complaints, assisted benevolent societies in the establishment of schools, helped freedmen in legalizing marriages entered into during slavery, and provided transportation to refugees and freedmen who were attempting to reunite with their family or relocate to other parts of the country. The Bureau also helped black soldiers, sailors, and their heirs collect bounty claims, pensions, and back pay.

The act of March 3, 1865, authorized the appointment of Assistant Commissioners to aid the Commissioner in supervising the work of the Bureau in the former Confederate states, the border states, and the District of Columbia. While the work performed by Assistant Commissioners in each state was similar, the organizational structure of staff officers varied from state to state. At various times, the staff could consist of a superintendent of education, an assistant adjutant general, an assistant inspector general, a disbursing officer, a chief medical officer, a chief quartermaster, and a commissary of subsistence. Subordinate to these officers were the assistant superintendents, or subassistant commissioners as they later became known, who commanded the subdistricts.

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION
MICROFILM PUBLICATIONS

The Assistant Commissioner corresponded extensively with both his superior in the Washington Bureau headquarters and his subordinate officers in the subdistricts. Based upon reports submitted to him by the subassistant commissioners and other subordinate staff officers, he prepared reports that he sent to the Commissioner concerning Bureau activities in areas under his jurisdiction. The Assistant Commissioner also received letters from freedmen, local white citizens, state officials, and other non-Bureau personnel. These letters varied in nature from complaints to applications for jobs in the Bureau. Because the assistant adjutant general handled much of the mail for the Assistant Commissioner's office, it was often addressed to him instead of to the Assistant Commissioner.

In a circular issued by Commissioner Howard in July 1865, the Assistant Commissioners were instructed to designate one officer in each state to serve as "general Superintendents of Schools." These officials were to "take cognizance of all that is being done to educate refugees and freedmen, secure proper protection to schools and teachers, promote method and efficiency, correspond with the benevolent agencies which are supplying his field, and aid the Assistant Commissioner in making his required reports." In October 1865, a degree of centralized control was established over Bureau educational activities in the states when Rev. John W. Alvord was appointed Inspector of Finances and Schools. In January 1867, Alvord was divested of his financial responsibilities, and he was appointed General Superintendent of Education.

An act of Congress, approved July 25, 1868 (15 Stat. 193), ordered that the Commissioner of the Bureau "shall, on the first day of January next, cause the said bureau to be withdrawn from the several States within which said bureau has acted and its operation shall be discontinued." Consequently, in early 1869, with the exception of the superintendents of education and the claims agents, the Assistant Commissioners and their subordinate officers were withdrawn from the states.

For the next year and a half the Bureau continued to pursue its education work and to process claims. In the summer of 1870, the superintendents of education were withdrawn from the states, and the headquarters staff was greatly reduced. From that time until the Bureau was abolished by an act of Congress approved June 10, 1872 (17 Stat. 366), effective June 30, 1872, the Bureau's functions related almost exclusively to the disposition of claims. The Bureau's records and remaining functions were then transferred to the Freedmen's Branch in the office of the Adjutant General. The records of this branch are among the Bureau's files.

THE FREEDMEN'S BUREAU IN LOUISIANA

ORGANIZATION

On June 13, 1865, Commissioner Oliver Otis Howard appointed Chaplain Thomas W. Conway as the Assistant Commissioner for Louisiana. At the time of his appointment, Conway headed the military's Louisiana Bureau of Free Labor, which

managed the affairs of freedmen employed on "abandoned" plantations. Conway transferred the Bureau of Free Labor to the newly established Freedmen's Bureau Louisiana headquarters at New Orleans. The parishes of Madison, Carroll, Concordia, and Tenasas in northeastern Louisiana were reassigned in January 1866 from the jurisdiction of the Assistant Commissioner for Mississippi to that of the Assistant Commissioner for Louisiana. The other Assistant Commissioners or Acting Assistant Commissioners in Louisiana and their terms of office were Gen. James S. Fullerton, October 4-18, 1865; Gen. Absalom Baird, October 19, 1865-September 1866; Gen. Philip H. Sheridan, October 5-November 27, 1866; Gen. Joseph A. Mower, November 28, 1866-December 4, 1867; Lt. Col. William H. Wood, December 5, 1867-January 2, 1868; Gen. R. C. Buchanan, January 3-August 24, 1868; and Gen. Edward Hatch, August 25, 1868-January 1, 1869.

When Conway took over as Assistant Commissioner, the state was divided into districts that were composed of one to three parishes and commanded by either an agent or superintendent. In April 1867, the state was reorganized into seven subdistricts headed by subassistant commissioners. Subassistant commissioners were required to file monthly inspection reports of their respective jurisdictions with the Assistant Commissioner. Agents or assistant subassistant commissioners, who were responsible for one to two parishes, received their instructions from and reported to subassistant commissioners. The major subordinate field offices for the Bureau in Louisiana included those with headquarters at Baton Rouge, Franklin, Monroe, Natchitoches, New Orleans, Shreveport, and Vidalia. For a list of known Louisiana subordinate field office personnel and their dates of service, see the appendix.

ACTIVITIES

The major activities of the Freedmen's Bureau field office in Louisiana generally resembled those conducted in other states. The Bureau provided various forms of relief to both freedmen and white refugees, supervised labor contracts, assisted freedmen in the establishment of schools, administered justice, helped freedmen locate land, and assisted blacks with military claims for back pay, bounty payments, and pensions.

Between June and September 1865, the Bureau in Louisiana issued some 455,290 rations to destitute freedmen and 157,691 to white refugees. With no appropriated funds from Congress, the Bureau relied on several sources to carry out these activities: income from confiscated property, requisitioned supplies from the army, aid from benevolent societies, and a three-dollar tax on black adult laborers. Despite the Bureau's efforts, however, tens of thousands of freedmen and refugees remained in dire straits throughout the state. The lack of available funds, continuous flooding, crop failures, and disease severely hampered the Bureau's relief programs. On March 30, 1867, Congress appropriated monies for a "special relief fund" (15 Stat. 28). The fund authorized the Secretary of War, through the Freedmen's Bureau, to issue provisions and rations to destitute persons in Southern states, including Louisiana.

In response to the act, Commissioner Howard issued a circular on April 3, 1867 (Circular Number 11), that set aside \$500,000 for the purpose.¹

The agency maintained homes for refugees and orphans. Hundreds of refugees were housed in two hotels in New Orleans (the Commercial and the Western Verandah) and later the Marine Hospital. While most of the residents were from Louisiana, some were from Texas, Florida, Kentucky, Mississippi, Alabama, and Tennessee. Beginning in 1865, the Bureau provided assistance to several privately run orphan asylums in New Orleans and other areas of the state until its work for orphans was discontinued in September 1865. The Bureau also provided medical aid to freedmen and white refugees. In 1866, to help combat such diseases as cholera, yellow fever, and smallpox, seven doctors, on average, served under the Bureau in Louisiana: five at the New Orleans hospital and one at both the Shreveport hospital and the Rost Home Colony. The Bureau also maintained numerous dispensaries throughout the state. In spite of the closure of the Rost Home Colony hospital and most of the Bureau's dispensaries by the end of 1867, the agency in 1868 treated more than 8,500 freedmen for various infectious diseases. At the Rost Home Colony—one of the most successful of the four "home colonies" established in Louisiana—Bureau officials also issued rations and clothing, established a school, provided employment, and compiled a variety of personal data about individuals who arrived and departed from the Colony. Both the New Orleans and the Shreveport hospitals maintained registers of patients and the sick and wounded.²

The regulation of written labor agreements between planters and freedmen was a major concern of the Freedmen's Bureau. In a circular issued on December 4, 1865 (Circular Number 29), Bureau officials in Louisiana outlined the rules governing the free labor system in the state. Freedmen could choose their employers, and all contracts were to be approved by a Bureau agent. Wages were not set, but the circular declared that it was the freedmen's "duty" to "obtain the best terms they can for their labor." Freedmen were required to work 26 days per month, consisting of 10-hour days in the summer and 9-hour days in the winter. Any work time exceeding 6 hours beyond the normal workday would constitute an additional day's work. In addition to wages, freedmen were also entitled to receive rations, clothing, "comfortable" living quarters, and medical attention, and each family was to receive a half-acre plot to maintain a garden. Five percent of the freedman's monthly wages was to be retained by the employer for the purpose of sustaining schools for the freedman's children. In cases where freedmen desired to work for a share of the crop, employers were required to have sufficient amounts of provisions available for

freedmen and their families each month. Also, employers who entered into share agreements were obligated to pay Bureau agents 1/20 of the amount of the freedmen's share of the crop each month for the benefit of freedmen schools.³

In the two years following the April 1862 occupation of New Orleans by Union troops, various civilian and military organizations established schools to educate freedmen in Louisiana. Gen. Nathaniel Banks's order of March 22, 1864 (Department of the Gulf General Order 38), established a board of education to govern the organization of freedmen's schools. B. Rush Plumly was appointed head of the board, and Lt. Edwin M. Wheelock became supervisor. Schools under the board's jurisdiction were supported mainly by a tax on citizens recently disloyal to the Union. On June 29, 1865, Assistant Commissioner Conway took charge of the schools, and on July 5, 1865, replaced Plumly and Wheelock with Capt. H. R. Pease as superintendent of education. Pease's successors included Bvt. Maj. A. G. Studer, Lt. F. R. Chase, J. M. Lee, L. O. Parker, H. H. Pierce, and E. W. Mason.

Pease divided the state into seven school districts, placing military and civilian personnel in charge. Under these officers were school directors responsible for each parish and "canvassers" who collected the school tax for each district. At the time of his arrival, there were some 126 freedmen schools, with 230 teachers and approximately 19,000 students. However, with limited funds and intense opposition to the school tax, Circular Number 34, dated December 27, 1865, directed that all schools be "suspended until such time as it may be found practicable to re-establish them on a permanent and self-supporting basis."⁴

In February 1866, then-Assistant Commissioner Baird sought to make schools self-supporting through a tuition plan. Despite Baird's new plan and congressional appropriations of 1866 and 1867 for freedmen education in the South, the Freedmen's Bureau's educational programs in Louisiana continued to face financial difficulties. In June 1868, Congress authorized the Bureau to sell school buildings to private groups that were willing to maintain freedmen schools, and the Bureau entered into cooperative agreements with such groups as the American Missionary Society, the Methodist Freedmen's Aid Society, and the Free Mission Baptists. Under the agreements, the Bureau provided monies for construction of the school buildings, and the religious organizations maintained the schools. In 1870, the cooperation between the Bureau and religious groups led to significant progress in the establishment of numerous freedmen schools in Louisiana. Despite their efforts however, freedmen schools continued to suffer from the effects of limited resources, lack of competent teachers, and a segregated school system.⁵

Safeguarding rights and securing justice for freedmen was of paramount concern to the Freedmen's Bureau. Following the Civil War, several Southern states enacted a series of laws, commonly known as "black codes," that restricted the rights and legal status of freedmen. Freedmen were often given harsh sentences for petty crimes, and in some instances were unable to get their cases heard in state courts. Assistant Commissioners were directed to "adjudicate, either themselves or through officers of their appointment, all difficulties arising between negroes themselves, or between negroes and whites or Indians."⁶ Assistant Commissioner Conway issued Circular Number 15 (September 15, 1865), authorizing his subordinates to establish freedmen courts in cases where freedmen were not receiving just treatment. Conway's successors—Fullerton, Baird, and Sheridan—believed that civil officers in most parishes administered justice impartially in freedmen cases, and so abolished the special tribunals as unnecessary. Nevertheless, Bureau officers were still required to represent freedmen in court cases and refer the most extreme cases of injustice to United States courts. In the latter part of 1866, fearing that freedmen's rights were not being adequately protected, Assistant Commissioner Joseph Mower re-instituted some Bureau judicial functions that had been previously suspended by his predecessors. William H. Wood, who succeeded Mower, told Bureau agents during his tenure that only in cases where the evidence clearly showed the civil court's failure to administer justice, were they to become involved. Wood's replacement, Gen. Robert C. Buchanan, like Fullerton, Baird, and Sheridan, continued the policy of leaving matters of justice to civil authorities. By the time Gen. Edward Hatch assumed office as Assistant Commissioner in 1868, Louisiana had restored its constitutional relations with the Federal Government, and matters concerning justice were returned to the state.⁷

The Southern Homestead Act (14 Stat. 66), approved by Congress on June 21, 1866, made available for public settlement 46 million acres of public lands in Alabama, Arkansas, Florida, Louisiana, and Mississippi. Six million acres of this Federal land was located in Louisiana. The act specifically prohibited discrimination against applicants due to race, and thus offered Louisiana freedmen and others an opportunity to become landowners. Only persons who headed households or were former United States soldiers were eligible to apply. A five-dollar application fee was required of all applicants, which allowed them to settle on an 80-acre tract and gain permanent possession after five years of cultivation. Generally, the Freedmen's Bureau, through "locating agents," assisted interested freedmen in finding plots, and provided them with one-month subsistence, free transportation to their prospective tracts of land, and seeds for initial planting. By January 1867, J. J. Saville, as locating agent, found homesteads for 87 freedmen, 73 whites, and 14 soldiers. However, because the New Orleans land office was closed, only 7 were able to file applications. While limited resources and the lack of suitable lands for settlement hindered freedmen in their effort to acquire land, freedmen also faced intense opposition from whites who opposed black land ownership. Freedmen were thus

encouraged by Bureau officials in Louisiana to settle on land in large numbers in order to protect themselves from intense opposition by whites.⁸

An act of Congress on June 14, 1864, authorized the payment of bounties, not to exceed \$100, to black soldiers who had entered the military after June 15, 1864, and who were free on April 19, 1861 (14 Stat. 126). Amendments in 1866 dropped the requirement of freedom at enlistment and offered additional bounties of \$100 for those blacks who had signed on for three years, and \$50 for individuals who enlisted for two years. To assist black soldiers and their heirs in filing bounty and other military claims against the Federal Government, a claims agency was initially established in the United States Sanitary Commission. On July 14, 1865, Commissioner Howard authorized Freedmen's Bureau officials to act as agents of the Commission and to assist it in filing for black military claims. However, freedmen often rejected the free services of the agency and paid fees to private claims agents, believing that they would receive their money quicker. In 1867, concerned about abuse and fraud in the settlement of black military claims, Congress passed a law making the Freedmen's Bureau the sole agent for payment of claims of black veterans (15 Stat. 26). From October 31, 1866, through September 30, 1867, the Bureau in Louisiana settled claims amounting to just \$1,489.73. However, one year later, 240 veterans' claims amounting to \$52,058 were settled, with 484 remaining to be resolved.⁹

RECORDS DESCRIPTION

These records consist of volumes and unbound records. The volumes reproduced in this microfilm publication were originally arranged by type of record and thereunder by volume number. All volumes were assigned numbers by the Adjutant General's Office (AGO) of the War Department after the records came into its custody. In this microfilm publication, AGO numbers are shown in parentheses to aid in identifying the volumes. The National Archives assigned the volume numbers that are not in parentheses. No numbers were assigned to series consisting of single volumes. In some volumes, particularly in indexes and alphabetical headings of registers, there are blank numbered pages that have not been filmed.

The volumes consist of letters and endorsements sent and received, press copies of letters sent, registers of letters received, letters and orders received, registers of freedmen court cases, special orders and circulars issued, registers of claimants, registers of complaints, marriage certificates, and monthly reports forwarded to the Assistant Commissioner. The unbound documents consist of letters and orders

received, unregistered letters and narrative reports received, special orders and circulars issued, and general orders and circulars received. The unbound records also contain monthly reports, labor contracts, marriage certificates, and records relating to claims.

Some of the volumes contain more than one type of record, reflecting a common recording practice of clerks and staff officers of that period. On roll 67, for example, the volume of applications for laborers for Bragg Home Colony also contains a register of complaints. Some other examples of additional series within volumes can be found in records on rolls 72, 78, and others. Researchers should read carefully the records descriptions and arrangements in the table of contents to make full use of these documents.

RELATED RECORDS

In the same record group, RG 105, and related to records of the Bureau's field offices for Louisiana, are those of the Bureau headquarters in Washington, DC, and previously microfilmed records of the Assistant Commissioner and the superintendent of education for Louisiana. These record series are available in the following National Archives microfilm publications:

Records in other National Archives record groups supplement those of the Assistant Commissioner. In Records of United States Army Continental Commands, 1821-1920, RG 393, are records of the military district that included Louisiana. Records relating to employment and welfare of freedmen and abandoned property before the establishment of the Bureau are among Records of Civil War Special Agencies of the Treasury Department, RG 366. The records of the Freedman's Savings and Trust Company, 1865-1874, in Records of the Office of the Comptroller of the Currency, RG 101, contain information relating to former slaves who maintained accounts with bank branches in Louisiana.

September 7th 1869.

Sir:

I have the honor to herewith submit you
a Special Report on divers topics pertain-
ing to the Educational Work of the Bureau
in this quarter and other matters relative to
the interests and condition of the Freedmen
generally throughout the district assigned
me.

I arrived here about the middle of July,
and since then, my clerk and I have been dili-
gently surveying our field of operations and
preparing ourselves in regard to the work before
us. We have travelled considerably over various
parts of the territory assigned us and intend

-22-

to continue doing so until we thoroughly learn its condition and requirements.

Let me premise by saying that this was probably the darkest region of the old slavery times. Here bondage sat heavier upon the black man; here he labored the hardest under his task masters; here his life was held in the least estimation; he was "the dreaded 'down south'" with which if a resident of the border states, he was so often threatened; and here is yet a vast district where Emancipation has never reached. Thousands are held in as abject a state of slavery as they were the day Fort Sumpter was fired on. The whites here saw little practically of the war; what they did, was victory to their own arms. They held the prowess of the Union armies in supreme contempt our disasters at Galveston and

Fabrice Pass and Banks defeat at Mans-
field confirmed them in that belief and
even now they declare the South was
not beaten in battle so much as "taken
out." We have yet in a sense to free
the slave before instructing him.

On arriving here we proceeded at
once to obtain the names and address
of all the Ministers of the Gospel in our
field of labor. We have a record of over
one thousand. We then addressed each a
letter telling him our object in coming
hither, our hopes and expectations, and so-
licit his assistance and support. Many
recognizing existing facts, responded as
Christian men anxious for the work of the
Master; others ignored us altogether, or
replied by promising us coats of tar and
feathers or hempen ropes if we dared to

contempt and insult at our work.

visit their respective neighborhoods. I have a number of epistles that are interesting indicia of the state of clerical civilization in various parts of Texas and Louisiana. At the risk of being charged with being in a gross official communication, I am tempted to express the belief that a good healthy earthquake would, on the whole, be beneficial to many communities in this quarter.

Outrages of various kinds are constantly reported to me. Several instances of teachers being whipped and otherwise mistreated have reached my ears. We are doing all we can to call the attention of the military authorities to these matters and to secure their assistance and protection; and I am happy to record that they have universally responded with zeal and

also unity to our requests. But there are many places beyond their reach to which we have no remedy.

Driving the freedmen from their crops when the same is grown and seizing it themselves, is a complaint against the planters that comes to us from every quarter.

Most of the freedmen work "on shares" as it is termed. Bad men too often encourage them to labor all the season till the crop is ready to gather and then, on one pretense or another, chase them off, branding them as runaways, and appropriate the entire harvest to their own use.

This was done in hundreds of places last year and is being again enacted in as many places this year. This has been a bountiful season at the South. The earth has rewarded the husbandman as she

~~Schools~~ Our accompanying report will show the number of schools in our district that have been officially reported up to the 31st ult. Our great drawback is the want of Teachers. We have now over fifty places from which requests have been sent for teachers where large schools are ready to be started and as this month is closed the number will be increased to one hundred and we can do nothing for them. We have not got the teachers here and cannot get them. Can you do anything for us? Cannot some society be induced to take hold of this matter and send hither colored men and women for this work? White teachers will not do yet. Such is the prejudice against them that their lives would be positively unsafe. My clerk has made several

has never done before. The corn and the cotton crops of Texas and Louisiana are better than the history of these states has ever recorded. But with this enormous yield of nature, so welcome, so needed, so wide spread, comes too reports of injustice, outrage, violence and crime. The planters complain of the scarcity of laborers and berate the black man for leaving the plantations and remote country districts and crowding into the cities and villages, but, if they would reflect, they would see that they themselves are almost wholly responsible for this state of affairs.

The freedmen, as a rule, are disposed to go to work and do the best they can where they have any assurance that their lives will be safe and that they will receive the rewards of their labor.

See previous page. Mistake in copying.

excursions through the country and has
 resigned, regarding his life in danger
 by remaining here. The feeling against
 colored teachers is not so bitter. It is
 not difficult to get boarding places
 for them while for a white teacher
 it would be almost impossible.

"Bureau duty" in this section is by
 no means a sinecure or popular work.
 We did not expect it to be otherwise when
 we came. We have many obstacles to
 overcome which time will however lessen
 and we have confident hopes for the
 future.

Your obedient servant,

September 9th. 1869.

Sir:

Mr. Abell, my clerk, having resigned,
I have the honor to request the appoint-
ment of Mr. Adolphus Flint in his place
to take effect on the first proximo,
at the same salary unless the Commission-
er should be pleased to increase it to \$150
per month. The cost of living here is much
greater than in places farther East or North
and the exchange on gold which we have
to pay in Texas still more increases it.
Whenever we go into that state, we have to
use specie and the premium on it is generally
greater than what it is quoted at New York

and elsewhere. With reference to this salary matter, however, please do not regard it as a request on my part for I do not want to ask anything that will embarrass you to grant or necessitate you to change any rule you may deem for the best.

If however you should see your way clear to make the increase referred to it would not be unworthily bestowed. I had served through the entire war of the Rebellion in my regiment (volunteer) - was twice wounded under circumstances of great credit to him.

 I am respectfully requesting that they
 be granted. Bureau of Refugees Freedmen and

 Sept. 11th 1867.

Sir:

Near Nassau Station, Marshall Co.,
 Texas, on the Shreveport and Marshall
 Railroad, is a settlement in which are
 from 300 to 400 colored children. A school
 is greatly needed there. The planters in
 the vicinity are in favor of its establish-
 ment especially Col. Ross Wilkinson
 who was on the staff of Gen. A. J. Smith during
 the war. Perhaps he is personally known to the Com-
 missioner. He agrees to give an acre or two
 of land and take the school generally under
 his protection. It will take from seven to eight
 hundred dollars to build a house large enough

to accommodate the pupils who will attend
 I would respectfully recommend that the
 aid to the amount of two hundred dollars
 be granted. The colored people feel assured
 they can raise the gallantries if they do. I
 will see that the land upon which the
 building is to be erected is properly deeded
 to the colored people or to the A. M. Association.

Now in view of the circumstances in which we are placed suppose you get some place in which to hold a school, no matter how humble it may be, it will do to begin with, and start ^{school} with yourself or somebody whom you may be able to procure as Teacher and we will pay you 15¢ per month. Rev. Sir:

I have the honor to acknowledge the receipt of yours of the seventh ult in response to my circular letter of some days previous. Pray accept my sincere thanks. I would like to write you at length but I am so overwhelmed with business letters that I must be necessarily brief. Let me, however, hurriedly say I greet you as a fellow laborer for the good of God's creatures upon earth without regard to race or condition. A word explanatory. At the close of the war, Congress appropriated a certain sum of money for the cure of the negroes then suddenly thrown upon society.

A balance of the appropriation yet remains
 unexpended. It has been determined to
 apply it toward the education of the freed
 of the South generally and for that purpose
 I have been detailed from the Army and
 sent hither. Benevolent societies in various
 parts of the country have united with us in
 the enterprise. We have nothing whatever to
do with politics general or local. I intend
 upon this duty individually because I feel
 that under the providence of God I could
 probably be instrumental in doing more good
 there in the dull routine of military life. We
 wish to do all we can to heal the wounds
 engendered by bad and ambitious men
 throughout the country generally. We have been
 so overwhelmed with applications for teachers
 that we can furnish no more at present.
 in fact I may say that the best we can

province at present is to aid in the pay-
 -ment of teachers that communities employ.
 But to your letter. (1) Just say you have
 been giving children testaments if they
 would learn to read &c. &c. Do you want
 any more? The American Bible Society
 of New York sends me quantities of Bibles
 and testaments and if you want more let
 me know and I'll send them to you free
 of charge unless it be perhaps what the Stage
 man may charge on the packages between
 here and Minden (2) If your black
 people can employ a teacher we will
 assist them in paying his salary. We
 will give say 15¢ per month. Pray write
 me what they can do at your early
 convenience. As I said before, we cannot
 promise to send teachers from here

I beg to acknowledge the receipt of yours of the 16th inst this morning. I feared, when I last wrote you, that we could not soon send you a teacher but since then I have received a letter from a gentleman in New Orleans representing the American Missionary Association in which he promises to send us several well educated teachers if we wish and furnish the schools with books free of charge. If you think your negroes can raise 30¢ per month at those times I will ^{write} him to send the teacher at once. He says also that if societies prefer any particular religious denomination they endeavour to get a teacher of the faith preferred. The teacher will be

colored of course. Which do you prefer
male or female? We wish, Rev. Sir, you
would take charge of the matter and should
a school be established look after it generously
and make such suggestions to the teacher
as you may deem best. You know your com-
-munity and your people and let me assure
you that nothing is farther from our intentions
and wishes than that any of the teachers we send
should stir up a prejudice or envy of their race
against the whites. It is particularly enjoined
upon them to encourage their people to industry
honesty and to ^{keep} themselves ^{aloof} from intermeddling
in local politics or affairs that is none of their
business. Eighteen out of every twenty of the teachers
we get are born in the South & majority of
them in this state. Accept my respects and

September 28th, 1869.

Sir:

I desire to address you in relation to certain school matters in this city. I understand that the State Board of Education, in appointing members of the Board of Education for this place, is guided mainly in its selection by Mr. J. H. Smothers, a teacher of one of the colored schools in the town.

While I have nothing against him as a man, a teacher or a citizen, I do fear he is adopting a line of action in the matter of organizing the School Board that will effectually cripple if not utterly destroy the equable working of the school system of the city.

He purposes to have the board in

question composed of three white men representing the general white sentiment of the city, in other words, rebels; and two colored men representing the colored population. He claims that what is really the old rebel element should be given a majority on the board. I could not repress the expression of my profound astonishment when he communicated these views to me. If it is done there will be no hope whatever of the school law being carried out as intended by the Legislature. A hostile majority can effectually prevent the working of the board at all. It is suicide to think of the arrangement he suggests. He avers that it will conciliate the rebel element to give it a majority on the board; that the element would cut his throat if it dared and despise his obsequiousness in putting...

the power into its hands. It will never
do to turn the interests of as important
a matter as the public schools over soul
and body into the hands of its enemies.

There are enough good and true men
here, white if you please, who will see
that justice is done, that the public
schools are carefully fostered and started
on a firm foundation and not strangled
in their infancy. I have hesitated to
write you and it is only from a deep
sense of duty that I have done so. I
am the General Supt. of Education in
the Freedmen's Bureau for Northern Texas
and the ten North Western parishes of this
state. I have no personal interest in
the matter, beyond my deep desire to
see justice done. I am not a resident
of Shreveport. I belong to the Army.

no one to guide and I am
 prejudiced in the matter. I have
 talked with Rev. J. Armstrong the local
 minister of the Methodist Church
 here who is one of the board and
 Rev. Mr. Vance of New Orleans, who is
 here here and they both urge me in
 that strong sense to write you in this
 of matter to the board now stands it
 is composed of the following members
 to Samuel H. Smith (colored)
 and Samuel Armstrong (white)
 Mr. Ford (white) who was the third died
 7 two days ago. Unless others have
 been commissioned, there are now
 three vacancies. I would suggest
 the names of the following persons.
 Charles W. Keating (white)
 Moses H. Crowell (")

John Reynolds (white)

The first is the Postmaster. He was in the Federal Army during the war and has since resided here. The second is a resident of the parish since the war. He too was in the Union Army. The last is an old citizen here enjoying the respect of the whites, the confidence of the blacks and the esteem of all. He is a moderate, Christian man disposed to do good, I am told, and avoid strife and bitterness. These men if appointed will take hold of this matter with zeal and interest and put the schools as soon as possible on a working basis.

Should the rebel element preponderate on the board I fear the school law so far as this city is concerned will prove a failure. I do not write

5
 you at the instance of any of the
 above parties whom I have named
 for directors, they do not want the
 office, but from a deeper sense of the
 real necessity of having good men
 at the head of these schools now in
 their infancy, and to prevent their being
 crushed out together. I have nothing
 against Mr. Smothers. He is a good
 man but to ask in the recess. Should
 you desire to see them, I beg to refer you
 to Capt. Mason the Bureau Agent in your
 city and Rev. J. W. Staley with whom I have
 some acquaintance. In haste I have the
 honor to remain, Very respectfully

Yours of the 23^d ult reached me in due time. I have recommended that assistance to the amount of ~~one~~ hundred dollars (\$100) currency be granted your people in the erection of a school house. It will be granted. Add all you possibly can to it and put up a good house. You will have to have the land properly deeded to duly appointed trustees who will hold it forever for school and religious purposes. Send me deed for examination it will be returned. Several of your people will answer for trustees. Yours in haste.

Yours of the 28th ult received. The general policy we now adopt in the erection of school buildings is to ~~expend~~ small amounts in many places rather than large sums in a few places. If some one in your neighborhood will donate the land, we will assist your people to the extent of one hundred dollars in the building of the house and afterwards in the support of the teacher such amount as the size of the school may warrant. If they will all unite it seems to me a school can easily be put up. Write me. Yours in haste

Sir:

At Natchitoches La. the colored people have erected a building for school purposes at a cost of about nineteen hundred dollars. The land was purchased by them and is secured for educational and religious purposes by deed of trust to the Missionary Society of the Methodist Episcopal Church which society gave one thousand dollars toward the building.

The people have done what they could but they still owe the carpenter two hundred and forty one and $\frac{90}{100}$ dollars. He has obtained a judgement against them of that amount & threatens to deprive them of the property.

if it is not paid. I presume he will do so. They ask a Bureau appropriation of the amount due him to aid them out of their trouble. I would advise that their request be granted. While I believe in the wisdom of the Commissioner in expending small sums in many places rather than large amounts in a few places, yet I regard this as a special and peculiar case. We have a fine house, over sixteen hundred dollars have been expended on it already, the ground on which it stands is paid for and it would be sad to have it after all pass into hostile hands and be alienated from the purpose intended.

Mr. Mason, the Agent at New Orleans, approved their request and was about forwarding the papers when he learned that the parish in which the building is situated

had been assigned to me. I enclose you
 a mass of correspondence bearing on the
 subject. Indulging the hope that their
 request may be favorably entertained

I forwarded to day recommendations for appropriations for four different places in Texas, three for two hundred dollars each and one for one hundred dollars. I indulge the hope that the Commissioner may see his way clear to approve them. They were as small sums as I felt warranted in making when I considered all the circumstances attending each case respectively. I would liked to have made them larger.

Lumber and material of all kinds in Texas are enormously high. They have often to

Sir,

The absence from the city has interrupted my correspondence with you in regard to the school house. The Bureau department has ordered me to give one hundred dollars to aid your people. It is not a large amount I admit but the allowance for this section is so small that we have but little left around me have to expend small sums in many places rather than large amounts in a few places.

How is your house progressing? Let me hear from you on the subject. Raise what you can yourselves. Make out against me duplicate bills of lumber to the amount of one hundred dollars and I will pay over that amount to the party furnishing the lumber or material or whatever it is. I am ordered however to require the land donated to trustees for that purpose or in

missionary society that will devote
 it to educational purposes forever.
 The American Missionary Association
 of New York makes no other following offer.
 Whenever any community will build a house
 and deed it to that society, it will put a
 teacher therein and pay his salary and fur-
 nish the pupils books free of charge - make
 in reality a free school in every respect.
 The society asks that the land be deeded to
 it in order to please ^{the property} beyond the uncertain-
 ties that attend private affairs. The society
 is incorporated. It pledges to devote the house
 forever to school purposes. When it fails to
 do it reverts to the original owners. It
 is considered an admirable method to secure
 free schools and many places are accepting the
 terms of this society. I enclose you a deed
 ready to be filled out and signed by the
 Agent of the society at New Orleans. If
 your people will deed the house to ~~that~~
 society you ~~will~~ have absolute free schools
as long as you want. Do it. Whenever done

This is Bureau Refugees, Freedmen and
Abandoned Lands, Shreveport, La.

December 15th 1869.

Sir,

I address you in behalf of great numbers
of destitute colored people in this part of the
country. I am the Bureau Agent here for ten
parishes of North Western Louisiana and all of
Texas north of the 32° of latitude. My duties
take me over a large extent of territory. I
am brought into close communication with the
colored people and know well their condition and
wants. Everywhere I go I find scores inquiring
for bibles and testaments. I am importuned
on every side. I am doing all I can in my
official capacity toward the erection of school
houses, and the establishment of schools but the
distance

about a year and a half at my command for furnish-
ing with cotton or merchandise of other
kind. It is now of the dark places of the South
and every foot exists here in many communities
-ing as it did before the war. There is great
congregation on the part of the whites against allow-
ing the freedmen to learn to read but the latter
are becoming more sanguine and determined the
more they are opposed. Last year the whites
a good against them during the election times and
in the ten parishes of this district murdered two
hundred and twenty seven (227) and wounded
and maltreated many others. A reign of terror
existed throughout this entire country. We are
doing all we can to spread the gospel, to intro-
duce schools and teachers and to restore peace
and order therein. My office is a general
residence for the colored ministers of the
various churches for a long distance

about here. They come to the city some-
times with cotton or merchandise of other
particular care in their distribution and
they often alone, get a quantity of books
and go forth into regions miles away carry-
ing words of hope and encouragement to
congregations that have hardly yet seen
the light of freedom. We have regularly
supplied several missionary ministers who
make it their sole business to travel to distant
and desolate places and supply local pastors
with books and instruction. Some of them go
two hundred miles from here. They can visit
places that I cannot. A colored man preach-
ing to his people is an ordinary occurrence
but a strange white doing so here provokes painful
criticism, inquiry, hostility and often violence.
Our society sent us a quantity
of bibles and testaments last summer. We
have given them all out mainly through

Dear Sir:

I have been instructed to aid
 the colored people to the amount of 200 \$
 in creating a school house at your place.
 How much can they and their friends raise
 in addition to the above amount? Will not
 some one furnish them the land and material
 for building at reduced rates considering
 the object in view? Five hundred dollars
 ought to put up a very good school house.
 Can the freedmen raise three hundred dollars?
 Please let me hear from you on the subject.

Sir,

The principal sects among the colored people in the part
 of Louisiana are Baptist and Methodist. The latter
 church holds its annual conference at New Orleans on the
 26th proximo. It will be attended by its ministers from
 all parts of the state. I would like to meet those from
 the ten parishes in my district and consult with them
 relative to school matters in their respective parishes.

It will be an excellent opportunity for me to do so as
 they will be all together. I have the honor therefore

to request a leave of absence about that time for say ten 162
days to go to New Orleans for that purpose. I should not
wish it did. I not believe that it would redound
to the good of the cause in which we are engaged.

Dear Sir:

I enclose you a letter of Mr. J. Ballant relative to the school at Marshall which explains itself. I am informed that the teacher there is charging tuition and also taking the books. My understanding with you was that we were to be free and I so stated to the colored people at Marshall. It places me in a painful and embarrassing position. I hope it can be arranged at your early pleasure. Accept my regards and believe me

Sir,
 In answer to your note of the 28th ult in
 which you ask for the number of schools, teachers
 and scholars established by the Jewish priests
 in my field of labor, I beg to say that I do
 not know of a single one. I do not believe
 they have established any. Neither have they
 to my knowledge started any churches for
 the colored people exclusively. The latter are allowed
 to attend the masses in most of the white
 Catholic churches if they choose but the attendance
 is very small - almost none. Nearly all the
 freedmen in this quarter who are church men

have attend either the Methodist or Baptist
 churches there are about the only churches
 among the colored people throughout this
 region. Nearly all the Roman priests in
 this country sympathized with the Rebels
 during the late war and they manifest little
 or no interest in the education or morals of
 the negro.

We have been trying to build a school house for the colored people at Linden Davis Co. in your state. Mr. David S. Beath has been engineering the matter. He is now at Jefferson. Get acquainted with him. He tells me that the house is not yet put up. When it is I agree to aid in its construction to the amount of 100\$. I have made out the accounts in your name. I have to account for the lumber. You have been in L. M. business and understand it. The check will come in your name. When the house is done or they have 100\$ worth of material on the ground you can pay the money to them. Please sign the enclosed vouchers at the blue cross and return them to me.

Herewith I have the honor to transmit you
my Report of Schools for the month ending February
28-1870. The figures are not absolutely correct but
are as near as I can approximate from all the
information we have at hand. We don't get good
teachers in this remote region like there are in other
parts of South. They don't come here. Can't do
better than - get better wages - live cheaper and not
run the risk of being killed as they have done here.
We have to pick up just such material as we
can find in the country and it is often very poor.

The Trustees of Warefield de Soto Parish
 in this state have purchased the necessary land,
 deeded to trustees, upon which to build a school
 house. We are very desirous of establishing a
 school there. At Mrs. Ellis a white woman con-
 -sented to teach a number of colored pupils
 there some time ago. It gave offense to certain
 of the people there and a party of men went
 to where she lived and killed her husband
 in her very presence. It broke up the school.
 But we are attempting to build a house and
 start again but were notified that it would
 be burned down and the teacher mobbed.

The committee at meeting the time
 have been very content in the
 one of the committee and we
 have an eye a case there around
 that it will not be a problem. It is the
 parish seat and we would like to get at
 least one good school at each parish seat
 there will be a good one. Should we
 commend assistance granted the above
 place of the amount of one hundred and

I have the honor to recommend that the appropriation of seven hundred and twenty five dollars allowed Allen Green of Jackson parish in this state be canceled and that we be permitted to draw upon it for other places which will be mentioned hereafter. He promised to give us forty acres of valuable land raise considerable money himself and do all manner of generous acts if we would approve his application. He deceived us. The entire tract is not worth forty dollars and a gentleman assures me that there are not forty colored people all told within school distance of his place. In fact there are but few colored people in that part of the state.

The money can be better expended somewhere
else.

I have the honor to submit you the following ^{the} items pertaining to school matters in this quarter.

I have just received information of the burning
of another of our school houses. Some months ago and

old colored man from across Red River in Bossier par.
parish in this state came to me and desired to re-
turn to his home in Louisiana.

established a school in a congregation of people, that
he had collected there. I encouraged him to do so -

gave him books which you kindly had sent me -
and assisted him to the extent of my ability. He

The Indian then handed me a piece of paper and said that he
 had just brought me out of the house and gave me
 him five minutes to leave the place on pain of his
 being killed. He fled at once and went to his
 old place where I had directed him to go
 for the same purpose. He met worse treat-
 ment there than + Keachie. A ruffian went up
 to his horse, cut the girth and took off his
 saddle and threw it on a log heap and sad-
 beried it up. They hid his horse and bur-
 -ied it at the house where he stopped at night
 and were preparing to hang him when a
 colored man took him out by a secret way and
 guided him to where his ^{horse} was secreted.
 He mounted the animal bare back and rode
 for life and reached here three days after for
 work. He travelled nearly sixty miles a day.
 He suffered a great deal in the journey.
 He was very anxious and was not here

a means life to travel through some part
of this state and Texas in the interests of
the Freedmen. I intended to file this with
my regular monthly report of schools for
this month but in consideration deemed it
best to make it the subject of a special com-
munication

Rev. J. W. Healy
New Orleans. La.

Dear Sir:

I am just in receipt of your letter, of the 21st ult making inquiries relative to the appropriation in favor of Allen Green of Jackson Parish. I must tell you about that. Several months ago some of the Internal Revenue people at Monroe came over here and I was speaking about an appropriation we had made in favor of Mr. Green who lived in that quarter of the state. I was then informed that he was a "regular sharper" (to use the language of my informer); that the forty acres of land he had donated was not worth forty dollars

*that there were not forty colored people within a long distance of his place. They they just lunged at me and said that Allen Green was the biggest rogue in all that country and that he had pulled the hoodwink over Mr. Healy's eyes and mine too. I had not seen him. The revenue men had nothing against him that I could learn and I believed they had told me the truth. I have seen other parties and they confirm the words of my first informant. Did you go up to his plantation? I would add that I drew up one contract for him to sign and go ahead with the work but he would not sign it. He wanted the money paid him before he did the work. Some weeks ago I sent in a recommendation that the appropriation be cancelled. and we have been using the money in smaller amounts where colored people are far more numerous than they are in that part of the state.

I hope you will not be disgusted or offended
for I believe when you learn all about the matter
you will think as I do in regard to it.

I hope you will pardon this delay as I
have been for some time absent from home.

Dear Sir:

I have the honor to acknowledge the receipt of your letter of the 10th ult. I have been absent for a number of weeks which will account for the delay. Supt. of Education
Shoreport La. It is the policy
of the Commissioner to spend
money in small amounts
so as to benefit the larger
number of schools rather
than to concentrate the
amounts appropriated to
a few localities. In
view of the limited amount
appropriated to this
district, Capt. M. Cheney
still recommends this
appropriation it will be
approved.

You will make out
a list of all the attendants at the
Hospital upon Form 3 and enter under
the appropriate headings whatever is
required to fill up the form completely.
You will consult with Mr Carter
as to the efficiency of each person
and determine if possible what would
be a fair rate of compensation
for each Nurse & Attendant. The
form will be filled out as for
the month of July. You will return
the form as soon as it can be
properly filled up -

I have the honor to request that a guard of fifteen men and a noncommissioned officer be detailed to guard this hospital and the government property under my charge.

There has been no guard here for some time and considerable government property has been stolen in consequence.

I respectfully request that the guard be not detailed permanently but that it may be relieved every morning by a fresh detail.

Sir

I have made

arrangements to have the cases of small pox now under your charge turned over to the freedmen's post hospital they will be received at any time that you may deem proper to transfer them (Cases of small pox)

I have had an interview with

the Post Quartermaster in relation to turning over the D.M. property of the hospital to him. He informed that the inspector of the dept. instructed him to only keep two ambulances for this post and that if the ambulance now in our possession should be turned over to him he could not give us the full control of the same.

You may inform Dr Sanders that I will receipt to him for the ambulance horses &c.

Bureau Ref. Freedmen & Abandoned Lands
State of Louisiana
New Orleans February 23^d 1866

Doctor:

By a report of hospital attendants received at this office some time since it appears that 44 hospital attendants were on duty at your hospital on the 31st of January 1866. What has become of them? Your letter of the 15th inst leads to the conclusion that you have none. Unless soldiers can be detailed upon Capt Corrigan's application the attendants must be hired and paid by the Bureau. — Apply to Capt Corrigan for authority to hire them and for their payment. Reports on which you are to report attendants monthly (on the 15th inst) are forwarded. Please send a report for the month ending Feb 15th & for each month thereafter.

Sir

I have the honor to acknowledge the receipt of your letter of Feb 23^d and also of the accompanying blanks. Enclosed I send you the report which you requested.

The male attendants at this hospital are all soldiers. The females are hired. I do not remember to have written anything calculated to convey the idea that there were no attendants on duty at this hospital. They have been borne regularly on the weekly reports and I make a report similar to the one inclosed to Capt Corrigan on the last day of February.

I am
Very respectfully

Capt Corrigan who has called at this office informs me that the papers sent by you in his care were lost by the burning of the steamer Mary Ann. You will please forward duplicates of the following as known at this office to be missing viz: Monthly report of Sick and Wounded for Dec. 1865 & Feb 1866. Monthly report for Dec 1866. Your requisition was approved with slight alterations and sent to the Med Directors with a request that the spirits be packed in large cases so that they may not be recognized as such in transportation.

Doctor:

Your weekly report of Feb 24th shows 12 Hospital Attendants, one only of which is reported as a soldier. Paragraph 1294 Rev. Reg. 1863 gives the number of attendants allowed - you must not exceed the number unless by Congressional act. It is necessary on account of the limited funds at the disposal of the Bureau to exercise the most rigid economy & you will make every effort through the Agents of the Bureau to get soldiers detailed for all positions which they can fill, and they can fill all places except Quartermaster's position and that of Steward. and you are aware that they are soldiers if to be had, who can fill the latter place also. In addition to the other papers for this office please send me 2 (2) copies of Attendants who have been employed (for each month)

and to whom pay is due. These will be forwarded regularly at the end of each month hereafter.

Doctor:

Your weekly report of Feb. 24th 1864 is now received and exhibits smallpox cases treated by the city authorities - submitted and supplied with bedding by the Bureau. It is desirable that reports of these cases should be made in the same manner as if actually treated by you and in making your monthly report of sick &c for March please include them. If the records at this Hospital will admit of it please make special reports for each month of the cases treated since it opened.

Sir:

In reply to your communications of May 7th I have the honor to state that all the male attendants come upon my weekly report of Feb 24th as Soldiers; the female attendants only receive pay for this period from the Bureau. I employ female attendants as laundresses, cooks, and nurses for the female ward. I do not think soldiers are fitted to fill either or any of these places. I have a soldier detailed as Steward the best man I could obtain but he has not the slightest idea of a steward's duties. I have to keep all my books myself, make all my reports and dispense all my medicines. In fact I am obliged to act as Surgeon in Charge, Chief Clerk, Steward, Commissary and Quartermaster.

If you can send me a competent Steward it will lighten my duties materially.

I will send I.M. report No 2 of Hospital Attendants as soon as possible.

The records of the Hospital do not furnish sufficient data to enable me to make special reports of all cases treated since it opened.

 Dec 17th 1866

Sir,

In reply to your letter of May 21st I leave the honor to state that as far as the Medical Department, extends every facility consistent with existing regulations is extended to me for the care of the sick and destitute Indians under my charge. I can suggest no change except perhaps the enlargement of the present supply list. The following articles added in my opinion to added with advantage viz: Medicines. Antiseptics. Epsom. Comp. Antiseptics. Ex. potass. tart. Bismuthi subcarb. Ex. Buchu fl. Ex. Ergot fl. Ex. Primi virg fl. Ex. Sassafl. Ex. Valerian fl. Hops. ind. Hops. pillular. Hops. sup. Hops. Hops. am. Creta. Lini pulp. Ol. Olivar. Opii tinc. Camph. Oil. Cath. Comp. Sassafl. Res. Sinapis nig. Jauv. Soda bicarb. Hospital Stone. Candies. Cocoa. Caff. ex. of. Farina. Gelatin. Glycer. good Milk. Concentrated. Malt. Sugar. White. Tea. Black. Coffee. Instruments Speculum vagina. Sound. Potium. Stomach Pump. Syringe. Hypodermic. Sperm. Stomach. St. Muslim. Kallen. Bandages. Vaseline. Pins. Lard. Green.

In consequence of the establishment of a J. M. Apr. for the Bureau, the J. M. Apr. has refused to furnish anything for the hospital. No fuel was issued to the hospital at May or June and it is with the utmost difficulty that I am able to procure wood sufficient to cook the food. No time has been furnished the hospital during the same time and the only way I can procure water is by carrying it in pails a distance of a quarter of a mile. Representations have been made on the J. M. Apr. of the Bureau at L. O. by Capt. Brown and by Lieut. Williams his successor, for a wagon horse so that the representations have been returned and the time consumed in by correspondence with regard to the propriety of discontinuing the hospital in this district and again in an attempt to consolidate the Indian and Post Hospitals.

As there was no Post Hospital of course this scheme fell to the ground and I am in hopes now that measures will soon be taken to relieve me from the embarrassments under which I now labor. It is my opinion that the ration allowed to Indians is so small. I find it impossible to maintain a hospital fund sufficient to meet the demands of the district furnished by the Chief Medical Officer. The following articles appear upon the list and are not comprised in the ration viz: Coffee. Cases of W. Brand over ration 2 1/2 ounces per diem. Potatoes. Butter. Cabbage. Turnips. Onions. Pickles. Dried Fruit. Smoked Mutton. Calfish. Mackerel. Mollusks. Cheese. Mutton & Milk. Rye. Coffee is furnished by the ration but the commissary has never had any and refuses to issue off P. & Q. The most of the articles enumerated above cannot be purchased from the commissary and when purchased from citizens are a heavy expense. What little hospital fund I can make I expend first in procuring medicines and delicacies for the sick and if anything is left I apply it towards carrying over the provisions of the diet table. So far as possible I should the articles recommended be added to the list of hospital stores it will relieve the hospital fund in a measure and if the Indian ration should be sold as ration and be made identical it would facilitate all difficulties. The Civil Authorities have not adopted the proper measures for the care of sick and destitute Indians. In my opinion the Medical Apr. of the Bureau should be continued in this district for the reason that it could not be withdrawn without creating a vast amount of suffering upon the sick and destitute Indians. The Civil Authorities are much to be pitied and finally believe willing to provide for them.

Very respectfully
 Your obedient servant

In regard to date of J. Robinson's contract - On your report of attendants ending January 15th 1868, you have Jane Robinson (nurse) employed Dec 15 - 1867. As this name does not appear on your report of attendants for the month ending Dec 15 - 1867, I have changed this date to the 15th Dec and find it corresponds with your report of Persons and Articles hired for that month. You will please change your retained copies of Report of attendants to agree with this correction, and observe in future that all contracts made on or before the 15th of each month must appear on your report of attendants for that month. These reports are always inclusive.

Doctor,

On the Monthly report of Sick & Wounded Refugees for Nov. last, there is one case "remaining at date of this report." This fact will require a report of Refugees for Decr. 1867; and also for subsequent months, unless the case is disposed of by discharge, transfer or death.

You will please, therefore, forward the report of "Refugees" for Decr. ult. without delay.

On your weekly report of "Freedmen" (it is presumed) for Jan. 11. 1868, just received, the words "Refugees and" are not erased either inside or outside. I must again insist on more care in the preparation of your papers. The mail facilities between here & Shreveport are too uncertain & tedious to tolerate the return of your papers for corrections and omissions that are the result of carelessness or inattention.

A. A. Surg. G. C. Radmore,

In chge Hospital,

Doctor,

In preparing vouchers (e.g. form 22) in the 1st column or date, the time at which the account is made out should be entered — not the date of the beginning or ending of the services, unless the voucher is prepared on the same day on which the services end. The date of the services is always entered in the body of the account. Hence to repeat it under "date" would be tautological if not nonsensical.

You have fallen into this error in preparing Ward's voucher for services reported on Supplemental form 2 for Feb. You date the voucher as made out Feb. 25th, though as shown in the body of the voucher, the services were not completed till Feb. 26th; in other words, it appears as if it were prepared before the services were rendered. Again, on Supplemental form 2 you certify that the services were not reported on the regular report for Feb. because the account was

not rendered in time; though the account itself shows that it was rendered Feb. 25th.

The rule is to date the account at the time of its preparation - but of course never before the completion of the services.

Doctor,

In a
letter of instructions dated April 19th Inst. you
were told - - - "As soon as the Inventories
called for in instructions from this office
of the 16th and 18th Inst. are received, further
instructions will be given you."

Notwithstanding the clearness of the above
language, it seems that you did not wait
for the "further instructions," but sent part
of the property on the Ste. Meusson which
reached here yesterday.

The "further instructions" dated May 21st Inst
were sent you by Capt. Sterling who left
here on the 23rd. They could not be
sent until the Asst. Comr directed what
disposition should be made of the property

reported by you as "worn-out, worthless &c"

In thus acting on your own responsibility, or rather, against instructions, you have partly defeated the object of the Inspector (Capt. Sterling's) visit to Shrewsbury: and justly made yourself liable to a reprimand.

Of course the property already sent must now be invoiced to Dr. W. H. Gray. In regard to the remainder you will only invoice such to him as shall not be retained for the use of the Dispensary or otherwise disposed of by the Inspector.

As soon as you shall have received the Report of the Inspector, approved by the Asst. Commr, you will invoice and ship (as heretofore directed) all the property not otherwise disposed of.

Very respectfully

as to whether I should make

if the latter am I required to make

The 24th. A number of these reports
could have been dispensed with by
dating the discontinuance of the Hosp-

warrant the reasoning.

OFFICE OF SURGEON-IN-CHIEF,

A. A. Surg. G. C. Radmond
In charge Dispensary

Doctor,

The Contracts called for by communication from this Office of March 13th ult. have never been received. The non-reception of the blanks caused some delay but not the whole of it.

But as the hospital is now closed and all the attendants, but one, discharged it would avail nothing to furnish them at this late day. They can, therefore, be omitted. But if the services of Mr. Abell be required in the Dispensary, you will without delay please enter into a written contract with him as "Dispensing Clerk".

He should be discharged on your "Report of Attendants" for June 15th as Hospital Steward, and the reason given, and reentered as Dispensing Clerk. The same thing must be done on Form 2.

Though you may have but a single attendant, both these reports must be made as heretofore.

His report of Attendants for May 15th has been received. This is required. Every name unaccounted for on the Report of April 15th must appear on that of May 15th and the reason given for their discharge.

Blanks for the Contract are mailed two days and also "models" for Reports of 15th May & 15th June.

Doctor,

You will please state, with as much accuracy as the nature of the inquiry admits of, what proportion or percentage of all who call upon you as Bureau Surgeon, have to be visited at their quarters or homes.

Also, how much or what proportion of your time, is consumed strictly in the discharge of your duties as Surgeon in charge of the Dispensary; thus, supposing that you are physically able to devote 10 hours daily to professional duties, what proportion of the 10, is required for the sick of the Bureau?

In chg Disp'y

Doctor,

It is much more in consonance with my taste to praise than to censure. But you leave me no choice.

The following reports or papers are due from you: some of them for weeks:

1. "Statement of Assoc. Fund" for Nov. 1867, returned for correction April 10. 1868, by endorsement of Chief Med. Officer, and forwarded by this Office April 16th ult.
2. Monthly report of Sick & wounded for June ult.
3. Report of Persons and articles (No. 2) for same month.
4. Weekly reported of Sick & wounded for July 4th inst, returned for "correction" July 8th; same report for July 11th.

I sincerely trust I shall not again have occasion to write upon this subject. In addition to its being eminently distasteful, the delay causes

(over)

one great inconvenience; to say nothing of its subjecting me to censure from my superiors.

In saying that nothing short of promptness and accuracy will satisfy this Office, I am telling you nothing new; and, in future, I trust that you will give me an opportunity to compliment you for the acquisition of these qualities.

Doctor-

If it is not contrary to existing orders, I would respectfully ask to be furnished with a horse from the Quartermaster's Department, incurred necessary from the following reasons:- My duties call me often to remote parts of the city and in some instances I am required to go several miles into the country.

I cannot well perform this duty without some means of transportation and would respectfully ask as early a consideration of the above request as possible.

Very Respectfully

Doctor

In making my
Report form No 2. for May; also
Monthly Report of Attendants for 15th
of same month, I would respectfully
ask instructions as to whether
I make the former report up to the
last of the month, or only up to
the date of the discontinuance of
the Hospital; if the latter are I
require to make a report of Attenda-
nts employed in the Dispensary for
the balance of the month,
In making the latter report is it to be
made from the 15th or from the 24th
over.

The making of a number of these reports could have been avoided by acting the discontinuance of the Hospital ~~30~~³¹ of April. but the facts did not warrant me in so doing -

Very Respectfully
